

**Put a smile on
someone's face
this Christmas**

'Tis the season to be hungry?

It doesn't have to be

Support Homes In Zimbabwe this Christmas, and provide a Christmas dinner for an impoverished elderly person in Zimbabwe.

Every day, over 1,500 elderly people are dependent on Homes In Zimbabwe for food. We provide non-perishable and fresh food to 26 residential homes in Zimbabwe. In addition, we provide fuel, support the Bulawayo Soup Kitchen and fund food parcels for people living in their own homes.

However, we do not have the funds to provide anything other than the basic food items necessary for survival.

For someone whose life savings have been wiped out, who has little or no family, a **CHRISTMAS DINNER** offers so much more than just one hot meal. It is a chance to celebrate with their friends and fellow residents. Above all, it is a very clear message of Christmas good will – we understand, we care and we are thinking of you this Christmas.

Please support Homes In Zimbabwe this Christmas.

- Just **£14** will provide a special full three-course **Christmas dinner** for an impoverished elderly person.
- **£28** will provide two Christmas dinners.
- **£70** will provide five Christmas dinners.
